Placement Preparation Portal
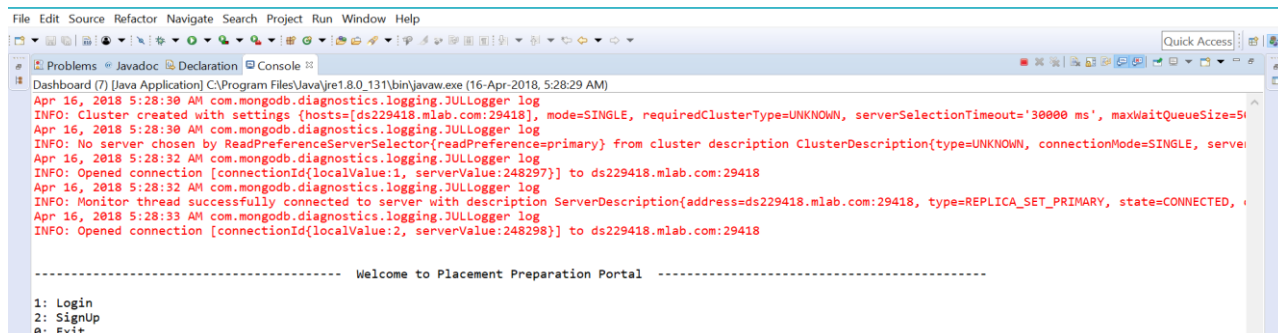

Implementation

GROUP: 5.23

Luv Patel (201501459)
Harshal Khodifad (201501461)

The Code for the Implementation is uploaded on SEN Submission Folder.

<u>NOTE</u>:

We have implemented our System's Database in MongoDB Database. The Database can be accessed through MLab. MLab is a fully managed cloud database service that hosts MongoDB databases.

- ✓ *Dashboard Class contains Main Routine.*
- ✓ To successfully *run our code,* you are expected to have an *Active Internet Connection.*
- ✓ *JDK Requirements: At-least 9 or higher.*
- ✓ *MongoDB Jar file should be added in Build Path for External Library.*
- ✓ *The below screenshot does not signify an error; It is the connection loggenerated by MongoDB library while connecting to mLab database server.*

❖ Registration

- ## <u>SIGN-UP PROCEDURE FOR STUDENT:</u>

  Student will have to first sign-up in order to login into the portal. For Successful Sign-up, the Student will have to enter his Username, Password, Full Name, Address, Batch-Details, Contact Details, CPI etc. Once he sign-ups for the Placement Preparation Portal, he/she can login and access his/her account for applying in upcoming tests, have his doubts solved on the Discussion forum, enjoy personalized Notifications or Announcements sent by SPC or System for upcoming events or regarding their test results, view Profiles of upcoming Companies so as to prepare accordingly and what not.

- **SIGN-UP FOR SPC:**

SPC Members will have to login into the portal to access its functionalities. Once they Logged-In into the Placement Preparation Portal, they can access their account for Creating and adding new tests for students' practice, Solve various doubts placed on the Discussion forum by students, send Notifications or Announcements to students for upcoming events or regarding their test results, Add upcoming Company's Profile into the System and much more.

In our System, SPC Member is the Admin of the System. Practically, the Administrator does not need to Sign-Up to access the System. Thus, we have created SPC Members of our own, and given them Usernames for Logging in.

Below is the list of SPC Usernames along-with their passwords:
1) Username: spc_01

    Password: 1234
2) Username: spc_02

    Password: 12345

➔ *Below given is the details for SPC Member with username: spc_01:*

Welcome Alumni
```

➔ Below is a Screenshot of how Alumni Profile looks like in MongoDB
   Database.
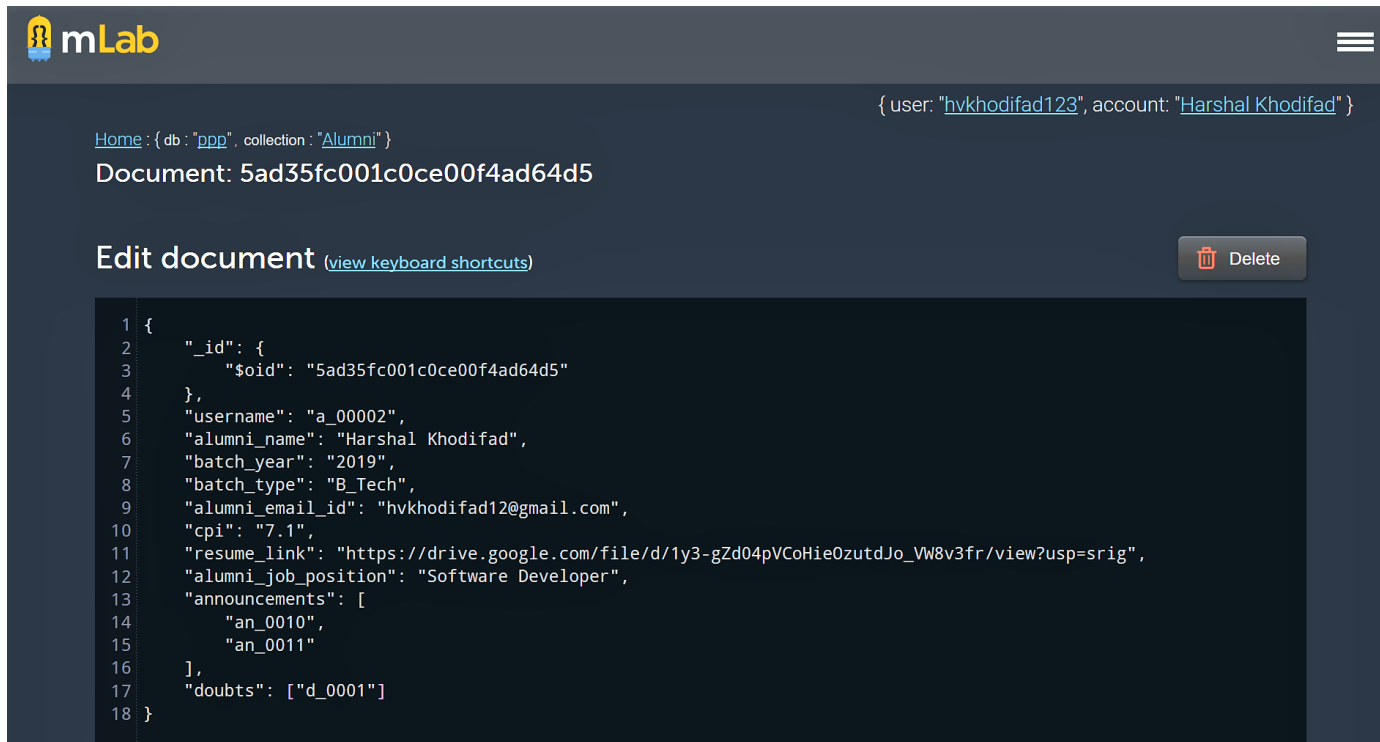

❖ **Login**:

A standard login interface is developed in Java console having userID
and password as login credentials. Also, a sign-up option is available
for the users logging in for the first time. After a successfull login,
user is directed to main screen.

o   Below is a list of correct ID and passwords for the Users in the System
    Collection.

o   Here, Usernames starting with 'a' represents the Alumni, usernames starting
    with 's' represent the Students while usernames starting with "spc" signify
    the SPC Member a.k.a Admin.

TEST

- ## ADD TEST:

We have implemented a Test Functionality for the students where students can apply for the tests created by SPC Members. The tests conducted are aimed at improving students' performance in Placement Season and enhancing their preparation for the upcoming placements even better.

The SPC will Create a Test after logging-in into the system by adding Test Questions into the Preparation Portal. The Test Questions are MCQ type questions and the student has to answer one of the four option specified. The SPC will have a log of the correct answer for each question and will also keep the track of Difficulty Level of each Test Created based on the difficulty level of the questions asked in that test.

The Test are mainly focused on improving the Quantitative Aptitude skills, enhancing Verbal Ability and also improving Logical Reasoning skills of the students.

Below is a screenshot of the Tests created by the SPC for the students.

```
Welcome SPC spc_01 !

Enter your answer [ a/b/c/d ]: b
Correct answers: 1 out of 3
```
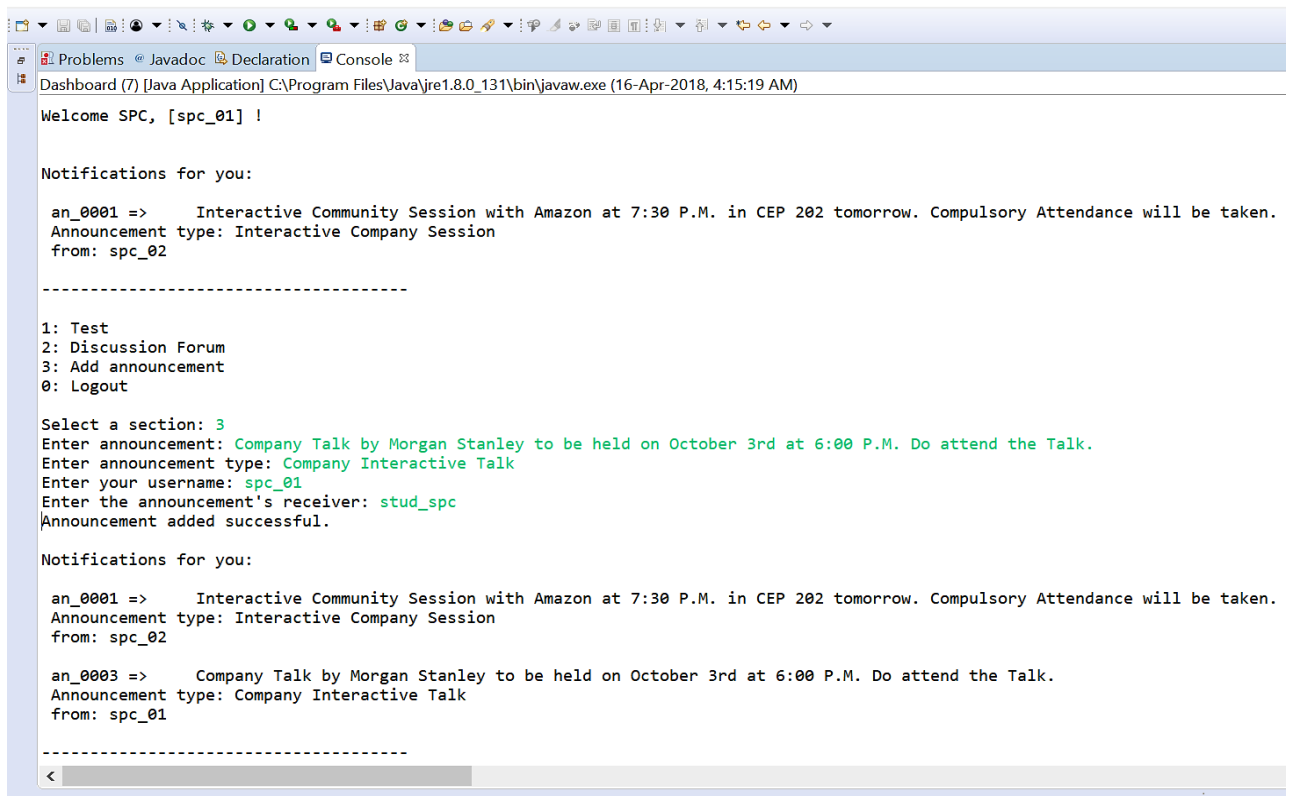

ANNOUNCEMENTS:

-Announcements are created by the SPC Members for keeping the students up-to-date about the upcoming events like company interactive talks or placement preparation tests, so that they can prepare well accordingly.

-The moment a SPC member Adds an announcement in the preparation portal, its gets reflected across the specified receiver's announcement/notification section.

Different types of the Announcement's Receivers are:

1) "stud_spc": Signifying that Students and SPC Members are the announcements' receivers.
2) "all": Signifying that All (i.e. Students, SPCs and Alumnus) are the announcements' receivers.
3) "alumni": Signifying that only the Alumnus are the announcements' receivers.
4) "username": Signifying that the Announcement is specified for a particular User of the system only. The username of that student will be used to send the **Personalized announcement/notifications** to the User.

➔ Below is a screenshot of a particular announcement given by the SPC Members: spc_01 for all the SPC Members and students logged in.
